

A digital photographic competition curated by INTALInC

FRAMING MOBILITIES IN LOW INCOME COMMUNITIES

1st prize: 250 US Dollars

2nd prize: 150 US Dollars

3rd prize: 100 US Dollars

We are excited to use the medium of photography to bring visual representations of your work to a wider audience. Images and captions should correspond to the title of this competition and represent people 'doing' transport, accessibility or mobility, or the connections, flows and perspectives linking people to landscapes in global south cities and their urban peripheries. Entries must link to one or more of the following themes:

1. Low income communities or informal settlements;
2. Disadvantaged and vulnerable groups;
3. Access to livelihoods, health and wellbeing;
4. Walking, cycling, NMT or paratransit or travel safety issues in relation to 1-3 above.

Within these parameters, we would like you to be imaginative and send us the most visually interesting and creative responses possible. Selected entries will appear on INTALInC social media and form part of an online event and exhibition later this year.

Photographs should be submitted to emma.tsoneva@manchester.ac.uk together with a caption of no more than 20 words by Friday 30th July 2021.

BEFORE SUBMITTING YOUR ENTRY, PLEASE REFER TO OUR TERMS AND CONDITIONS
